Purpose

Karate is for defense only, but its ultimate purpose is to improve our society and community. Our program desires to glorify God in all we do as we strive to improve ourselves and our community. Properly taught, karate increases the person's security and self-understanding. This can help equip a person to resist destructive behaviors. At Hanamizuki Dojo we also encourage a Biblical perspective and relationship with Christ for dealing most effectively with life's problems. We are not about religion. Jesus Christ does not force himself on anyone and we will not either.
